Dear Robyn:

I apologize for my belated response but wanted to thank you for your exceptional service during our trip from Colorado Springs down to Sante Fe, New Mexico in October 2006.

Our clients really enjoyed their trip between the movies and other entertainment the trip went very smoothly and the hours literally flew by. My one concern, the way station, ended up not to be a concern at all. You and your team had the situation well in hand.

Thanks again and I would definitely utilize you services and the "party bus" again for a road trip.

Sincerely,

Susan Wylie, CMP
